

## **15. The company of supreme soul**

The soul and the supreme soul come into the corporeal drama of world cycle to play their respective roles. This world cycle is called the cycle of time or the eternal drama that takes place on the world stage. Soul, supreme soul and world cycle are eternal. Rajyoga means realizing oneself to be the soul and contemplate about the immeasurable knowledge, unlimited powers and divine qualities of supreme soul as well as the cycle of His creation while walking-moving, rising-sitting, eating-drinking, doing every action to become the king of all senses as well as continuous practice of self-transformation leading to world transformation.

Sinful actions are destroyed with the help of Rajyoga. Just as a magnifying glass collects the rays of sun and burns the paper, so in Rajyoga, remembering God by considering oneself as a soul destroys sinful actions. The destruction of sinful actions does not mean that one does not have to suffer the fruits of that action, but with the understanding of knowledge and power of Rajyoga, one can easily pass the result of action in a cool and calm manner. Since experience is important in Rajyoga, we have to learn by practicing yoga. Just as the bed of our house has four bases or supports, like that Rajyoga has four bases. The four bases of Rajyoga include the company of supreme soul, the inculcation of divine qualities, pure food and the relationship with Him.

The first base of Rajyoga is the company of supreme soul, which is called Satsang in common parlance, in which “sat” means truth that is supreme Almighty and “sang” means the company. Supreme soul has not His own body, so He incarnates in an old human body to impart His knowledge and powers through his mouth. The knowledge that the supreme soul gives is all written, periodically stored in audio as well as in audio with video. The knowledge that He imparts is known as the Murli (flute) class. The flute is made of bamboo wood and there are others who play it, in the same way He imparts knowledge from the mouth of another body because He does not have his own body hence His versions are called Murli. He is called Baba or the father of all souls, hence His versions are also known as Baba Murli. All these versions are available online, which are shown in pictures through websites.

The basis of all kinds of knowledge is the versions of supreme soul that is Baba murli. Supreme soul Almighty is an ocean of knowledge, powers and virtues which is the base of all literature and programs on websites or television. The versions of Him and all other media help us to increase the company of Him. Our life becomes elevated based on the company of Him which is reflected in two proverbs "as is the company,

so the colour or recognition of the person" and "as you think so shall you become". By taking advantage of all the above facilities, the maximum company of Him can be easily obtained and used in our daily life.

Let us do Rajyoga meditation. We souls are children of Supreme soul, supreme father. He is the ocean of knowledge, powers and virtues. He does not have His own body, so His way of working is unique. We souls connect with Him through thoughts and thoughts are great eternal energy. The powerful, pure and positive vibration of Him touches our mind and intellect. This divine power solves any situation, people, challenges, problems, obstacles in our life. If we are unable to recognize that power then He bestows solutions in the daily versions i.e. Murli. He also helps us by making any person or thing a tool since He doesn't have His own body. In this way He is always ready to help if we remain in His Company in our daily routine. Since we are the children of Almighty Supreme soul, He is ready to help us in any situation. Let's make our life cool, calm, stable, unwavering and unshakable with colour of His Company.
